| BA 4005: Independent Studies in Business Analytics | 5 | |

You are required to indicate your preferences for optional courses offered in Semester IV by filling up the form overleaf and submitting the duly filled form to the Postgraduate Division **on or before 1st February 2021.**

Semester IV Optional Courses Selection Form 2021

Name with Initials:

Registration No:

Telephone No:

Email:

Degree Programme: **Master of Business Analytics**

Important:

- You should clearly indicate whether the selected optional courses are **required*** or **additional**** in the space given below.
- You are required to sit for the selected **required*** courses in the examination
- You will be allowed to opt-out from the selected **additional**** courses if necessary.
- Selection of courses does not guarantee that the selected course would be offered since each course would be offered depending on the number of students who have opted for that course.
- **Once the selection of optional courses is finalized, it is assumed that the student has registered for the courses with respect to the semester IV examination and you need not register for the courses again at the examination.**
- Students are advised not to select courses that are offered in parallel in the lecture timetable since lectures, assessments, and final examination of such courses may conduct in parallel.

Note: If a student wishes to change a selected “Required” course to an “Additional” course or vice versa, he/ she should forward a written request to the Board of Study of Research and Higher Degrees for approval **on or before the 15th February 2021**. Such requests received after **15th February 2021** **WILL NOT** be entertained.

Please check (“✓”) the appropriate box below and indicate your preference:
